

AKCMC NOTICE

INFLUENZA VACCINATION CAMPAIGN

DATES TO BE ANNOUNCED

Due to the unprecedented response to the campaign, we are currently out of stock of the flu vaccine. We are expecting a new batch of vaccine and will announce resumption of the campaign shortly.

The following are highly recommended to take the vaccine against seasonal influenza or the “flu”:

- children ages 6 months to 14 years
- pregnant women
- people with chronic health conditions, including diabetes, heart disease, asthma & other chronic lung conditions
- people with cancer & those on immunosuppressive therapy
- elderly
