

KUMON

Math. Success.
Al Khor Community Center

New Senior Student Classes

An Hour a Week That Will
Accelerate Your Math Skills

11 Million Students in 50+ Countries Succeeding with Unique Individualized Programs

Kumon can take you from day to day math to calculus and beyond.

Enrolling in the Kumon Math Program will help you build and advance your math skills, giving you the mental thinking skills to help you achieve higher education goals.

Daily Kumon Math Worksheets take from 10 to 30 minutes to complete at home at your own convince, with one weekly sessions at the Kumon Al Khor Community Center.

Our methodology will give you the needed support to excel in your GCSEs, A Levels, Sats, IB as well. start your higher education with the confidence of knowing you have a handle on your math skills.

For new Kumon senior students registration (From Year 7 onwards) for March 2018, steps are as easy as the following:

1

Send in Student's Information

Text 33585614 with student's name and school year

2

Visit Our Center

We will call you to confirm an appointment for you to visit our center.

3

Take a Free Placement Test

Our placement test will help to determine a comfortable starting point for your child.

4

Enroll Your Child

Once your child has taken our test, you may register for Kumon Math.
