

# ATTENTION CLUB MEMBERS

It was brought to our attention that the service of providing towels to Club members is highly abused. Every week almost 50 towels are reported missing and approximately the same amount is returned stained by members, to an extent that the Laundry refuses to wash them. Club users with henna or hair color are requested **NOT** to use the Clubs white towels, but may bring their own! Towels are not there to clean shoes or other things so please refrain from doing so.

If those malpractices continue, we will discontinue this service and simply ask members to bring their own!
