Modifications of Community infrastructure and white goods

Dear Residents,

Please be informed the following restrictions on the modifications of Community infrastructure and white goods:

- **Modifications of Community infrastructure (i.e. water irrigation system, sewage pumps, water pipes or powered equipment) are prohibited.** These items are belongs to our landlord thus, residents are not allowed to make any alterations and improvements without any written consent from the landlord thru the Community Services.
- **Changing the location/place of white goods in villas/flats is not permitted.** All household equipment has rated capacities that determine the conditions under which it should be operated. Residents are responsible for cleaning their individual units and maintaining appliances, curtains in good conditions. Thus, we assumed all white goods items are placed on designated area as it was delivered.

For any issues or concerns please call AKC Help desk at 44734555 or send email to AKChelpdesk@qatargas.com.qa.

Yours Sincerely,

Hamad Al-Humaidi
Community Director
