Pest Control Schedules AKC Information:

Dear Residents,

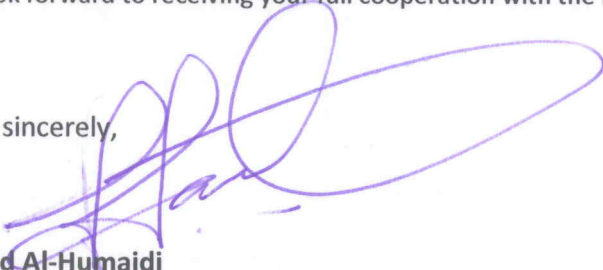

As part of the continuous improvement in the Community, we have combined efforts with AKC clubs to post a yearly schedule for your pest control services directly in to our new and improved community website.

Please, we are requesting all residents to visit the new AKC website, and directly check your pest control schedule online 24 /7. Using this approach we will be contributing to saving paper, and reducing waste and unnecessary printing (green approach).

Please feel free to login to our AKC website [www. Akcommunity.org/en/services/pages/housing](http://www.akcommunity.org/en/services/pages/housing)

We look forward to receiving your full cooperation with the implementation of the project.

Yours sincerely,

Hamad Al-Humaidi
Community Director
