## CIRCULAR

### REMOVAL OF WINDOW WOODEN CHOKE/DOWEL

Dear Residents,

It has come to our attention that all AKC residents are using window wooden choke/dowel to lock their window for Security & Safety purposes. Window dowel comes with drawbacks i.e. In case of **Fire or any similar home emergency**, the quick intervention of authorities could be delayed or denied due to the obstruction of the window wooden dowel.

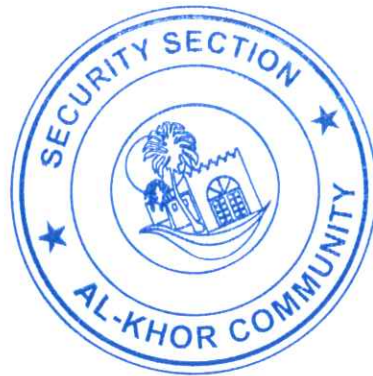

AKC Management suggests you all to remove it from your windows with immediate effect. If you feel the need for some extra protection, kindly contact AKC Maintenance Dept. (EMCO) to install a lock for you.

Your cooperation is highly appreciated.

Best regards

Hamad Al Mannai  
Head of Security, Safety and Environment
